

May 28th, 2003

Dear Canadian Ultimate Championship Participants,

FieldTurf is extremely pleased that the Canadian Ultimate Championships will be played on FieldTurf at Molson Stadium. With over 600 installations worldwide, FieldTurf is extremely proud of installations in the NFL, Major League Baseball, Professional Soccer (in both Europe and North America), and over 20 major universities. Based upon its quality, FieldTurf is widely considered the top artificial grass system in the industry.

It has been brought to light recently that there is concern as to what types of shoes to wear on FieldTurf for Ultimate. FieldTurf's patented product is markedly different from the traditional type of turf in that it has been specifically engineered to replicate the properties of natural grass. FieldTurf's exceptional quality enabled it to become the first ever artificial surface to gain approval from FIFA.

When it comes time to decide what shoe to wear on FieldTurf, wear the shoe that you feel most comfortable with on a well-kept natural grass surface. With each person having different shoe preferences on natural grass, it is impossible to differentiate one shoe as "better" from another. FieldTurf is manufactured and installed so that it plays exactly like natural grass, so shoe selection should go accordingly.

If you have any questions or comments do not hesitate to contact me at bthomas@fieldturf.com

Sincerely,
Brad Thomas
